

# APPRENTICESHIP OPPORTUNITIES IN BATTERY & CLEAN TECH MANUFACTURING

# INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS

# ABOUT THE IBEW

- 838,000 members
- 134 years of electrical training experience
- 270 apprenticeship training schools in the U.S. and Canada
- 49,000 active apprentices

# BENEFITS OF APPRENTICESHIP

- **Skilled Training + Career Paths**
- **Classroom + On-The-Job**
- **Cost Effective**
- **Higher Retention and Loyalty**
- **Grant Funding Benefits**
- **Customizable**
- **Safety**

# CUSTOMIZED APPRENTICESHIPS

**Advanced Manufacturing**

**Clean Transportation**

# CLEAN TRANSPORTATION TRAINING

The Clean Transportation registered apprenticeship prepares and trains electric vehicle repair and maintenance technicians

# WHAT IS THE IMT?

The Industrial Manufacturing Technician hybrid registered apprenticeship prepares production workers for the advanced manufacturing workplace

**INDUSTRIAL  
MANUFACTURING  
TECHNICIAN  
APPRENTICESHIP**

# IMT APPRENTICESHIP TRAINS WORKERS TO:

- ✓ Set up, operate, monitor, and control production equipment
- ✓ Help improve manufacturing processes and schedules to meet customer requirements
- ✓ Understand manufacturing as a business system that integrates multiple disciplines, processes, and stakeholders
- ✓ Efficiently and safely manage raw materials/consumables

# IMT APPRENTICESHIP RELATED INSTRUCTION

- ✓ **Industrial Math and Process Control**
- ✓ **Cleanroom Applications and Operations**
- ✓ **Industrial Manufacturing (MSSC), CPR, and OSHA 10**
- ✓ **Additional Requirements Identified by Employers**
- ✓ **Classification Specific Assessment of Job Skills**

# LET'S TALK
