Lyten Lithium-Sulfur Pouch

Lithium-Sulfur Manufacturing

Pilot (2 MWh)

Pilot Line: SOP 2023

- Cylindrical 18650 / 21700 (1 MWh → 50 MWh in 2026)
- Pouch < 10 Ahr (1 MWh)

Mega (100 MWh)

Production Line: SOP 2025

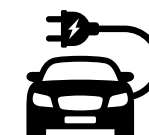

- Pouch small & large format
- Includes lithium metal anode and sulfurized CAM production

Giga (10 GWh)

Gigafactory: SOP mid-2027

- 6 GWh – 10 GWh
- Cylindrical 18650 / 21700 / 46xx
- Pouch small & large format
